WELCOME TO KYARA

Kyara is a post-modern cocktail bar blending beautiful, ingredients and classic cocktails into unconventional novel recipes. The name is derived from the ancient “Kyara” the highest grade of aromatic aloe wood, a mystical ingredient that is more expensive per kilo than gold.

We work with leading experts to source, concentrate and capture the aromatics of plants, flowers, and fruits, these are carefully blended to create our cocktails accords. An accord is the blending of different raw materials to create a unique and distinctive new composition, recognisable on its own.

All our cocktails and super concentrated intermediate elaborations are compounded by trained bartenders to a strict set of protocols.

We batch our cocktails for flavour, quality, precision, speed, accuracy, and consistency.
